IMPORTANT RISK WARNINGS / FUND INFORMATION FOR HONG KONG INVESTORS

Investor should not make an investment decision based on the information on this material alone, you should refer to the Sub-Fund's Prospectus for details, including risk factors. Investment involves risk, including the loss of principle. Please note:

Phillip HK Newly Listed Equities Index ETF ("The Sub-Fund") is an exchange-traded fund designed to provide investment results that closely correspond to the performance of Solactive Hong Kong Newly Listed Equities Index (Net Total Return, NTR)("Index") but its return may deviate from that of the Index.

Investment involves risk, including General Investment Risk, New Index Risk, Equity Market Risk, Newly Listed Securities Risk, Concentration Risk, Emerging Market Risk, Market Capitalization Risk, Passive Investment Risk, Trading Risk, Tracking Error Risk, Termination Risk and Market Maker Risk. Investors may lose part or all of their investments. Due to fees and expenses of the Sub-Fund, liquidity of the market and tracking strategy adopted by the Manager, the Sub-Fund's return may deviate from that of the Index.

The trading price of the Sub-Fund may differ from the underlying net asset value ("NAV") per unit.

The Sub-Fund may not be suitable for all investors. Investors should not invest based on this website only. Investors should read the Sub-Fund's Prospectus including all risk factors, consider the product features, their own investment objectives, risk tolerance level and other factors, and seek independent financial and professional advice as appropriate prior to making any investment.

Investment Objective

This Sub-Fund is a passive ETF and seeks to provide investment returns that closely track the performance of the Solactive Hong Kong Newly Listed Equities Index (Net Total Return, NTR) before fees and expenses.
